

Instructions: Direct your comments to Docket ID No. VA146-5080. EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through regulations.gov or e-mail. The Federal regulations.gov website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Copies of the documents relevant to this action are available for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103, and the Virginia Department of Environmental Quality, 629 East Main Street, Richmond, Virginia, 23219.

FOR FURTHER INFORMATION CONTACT: Janice Lewis, (215) 814-2185, or by e-mail at lewis.janice@epa.gov.

SUPPLEMENTARY INFORMATION: For further information, please see the information provided in the direct final action pertaining to Virginia's solvent metal cleaning operations regulation, that is located in the "Rules and Regulations" section of this **Federal Register** publication. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 300

[FRL-7798-2]

National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Notice of intent to delete the Sharon Steel Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA) Region 8 is issuing a notice of intent to delete the Sharon Steel Superfund Site (Site) located in Midvale, Utah, from the National Priorities List (NPL) and requests public comments on this notice. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is found at appendix B of 40 CFR part 300, the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Utah, through the Utah Department of Environmental Quality (UDEQ), have determined that all appropriate response actions under CERCLA, other than five-year reviews and operation & maintenance, have been completed at the Site. However, this deletion does not preclude future actions under Superfund if determined necessary by EPA.

In the "Rules and Regulations" section of today's **Federal Register**, EPA is publishing a direct final notice of deletion of the Sharon Steel Superfund Site without prior notice of intent to delete because EPA views this as a non-controversial action. EPA has explained its reasons for this deletion in the preamble to the direct final notice of deletion. If EPA receives no significant adverse comment(s) on the direct final notice of deletion, EPA will not take further action on this notice of intent to delete and deletion of the Site will proceed. If EPA receives significant adverse comment(s), EPA will withdraw the direct final notice of deletion and it will not take effect. EPA will, as appropriate, address all public comments in a subsequent final deletion notice based on this notice of intent to

delete. EPA will not institute a second comment period on this notice of intent to delete. Any parties interested in commenting must do so within the time-frame noted below. For additional information, see the direct final notice of deletion, located in the "Rules and Regulations" section of this **Federal Register**.

DATES: Comments concerning this Site must be received on or before September 8, 2004.
